INDEX TO VOLUME 5

The star (*) preceding the page number indicates an original article in THE ARCHIVES. Book Reviews, Obituaries and Society Transactions are indexed under these headings in their alphabetical order under the letters B, O and S, respectively.

PAGE

Abrahamson, I.: Motor disturbances in lethargic encephalitis..... *33
Poliomyelitis 203
Presentation of case of infantile nuclear plasia or infantile motor defects in the cranial nerves..... 621
Symptomatology of spinal cord tumors..... 465
Abscess. Extradural and subdural abscess following suppurating sinusitis and osteomyelitis of the frontal bone. J. H. Bryan..... 315
Acromegalia, associated with brain tumor. W. A. Bryan and S. Uyematsu.. *20
Acromegalic features, patient with. B. Onuf..... 773
Ahlfeldt, F.: Five cases of pituitary disease..... 618
Alcohol and drugs, decline of, as causes of mental disease. H. M. Pollock.. 736
Alcoholic stimulants at Bellevue Hospital, remarks on the diminished therapeutic use of, beginning before prohibition. J. W. Brannan..... 629
Alcoholism. Patients with mental disease, mental defect, epilepsy, alcoholism and drug addiction in institutions in the United States. H. M. Pollock and E. M. Furbush..... 730
Amyotonia congenita (Oppenheim). Report of a case, with full histopathologic examination. J. B. Holmes..... 326
Anesthesia, intraspinal, residual spinal cord symptoms following. W. E. Paul 209
Aneurysms. Repeated multiple minute corticospinal hemorrhages with miliary aneurysms in a case of arteriosclerosis. O. J. Raeder.....*270
Angina pectoris cured by resection of the cervical sympathetic nerve. T. Jennesco 91
Aphasia, global, and bilateral apraxia due to an endothelioma compressing the gyrus supramarginalis. F. Bremer.....*675
motor, case of, in a left-handed individual. Cushing..... 746
Study of motor aphasia of the cortical or mixed type. S. Brock..... 207
Aplasia, hemicerebellar, cranial deformities from. G. Mingazzini and F. Giannuli 458
Presentation of case of infantile nuclear aplasia or infantile motor defects in the cranial nerves. I. Abrahamson..... 621
Apraxia, bilateral, and global aphasia due to an endothelioma compressing the gyrus supramarginalis. F. Bremer.....*675
resolution of. H. Seelert 462
Arsenic poisoning, chronic, scleroderma as a possible manifestation of. S. Ayres, Jr. 327
Arteriosclerosis. Repeated multiple minute corticospinal hemorrhages with miliary aneurysms in a case of arteriosclerosis. O. J. Raeder.....*270

PAGE

Arthritis. Meningitis, meningococcus type C, with acute plastic arthritis. R. J. Weisenbach and L. Merle 325
Astasia abasia, case of. S. F. Gilpin 224
Ataxia, acute cerebrocerebellar. J. P. C. Griffith 464
Ataxic movements. Two brothers with choreic ataxic movements. J. H. Lloyd 100
Atrophy. Infantile spinal progressive muscular atrophy (Werdnig-Hoffman). E. J. Huenekens and E. T. Bell 324
muscular, and general paralysis. M. Briand and J. Rogues de Fursac 336
Auditory nerve. Case of bilateral eighth-nerve palsy; syphilis. M. A. Burns 223
Ayer, J. B.: Method for the quantitative determination of protein in cerebrospinal fluid 335
Ayres, S., Jr.: Scleroderma as a possible manifestation of chronic arsenic poisoning 327

Babinski sign, abolition of, by cold and its reappearance after heat. Noica and A. Radovici 330
Bagg, H. J.: An experimental study of the effects of radium emanation on the brains of animals 338
Bailey, P.: Concerning the clinical classification of intracranial tumors *418
Experimental diabetes insipidus 743
Baller, G.: Recurring flaccid paralysis following epidemic poliomyelitis 739
Bassoe, P.: Report of two cases of encephalomyelitis, with predominating cord symptoms 215
Batson, O. V.: Experimental observations on the histogenesis of the sympathetic trunks in the chick 470
Behavior. Program for the study of human behavior. S. Paton 778
Bell, E. T.: Infantile spinal progressive muscular atrophy (Werdnig-Hoffmann) 324
Berger, H.: The results of psychiatric and neurologic examinations at a hospital center 331
Bing, R.: Regarding parkinsonism as a sequel to lethargic encephalitis 734
Blood and spinal fluid in syphilitic disease of the brain and spinal cord. H. Krueger 186
Bloomingdale Hospital, centenary of 588
Blühdorn, K.: The clinical significance of the facial reflex (Chvostek sign) in infancy and in childhood 457
Boas, K.: Recurrent facial palsy 467
Body. Precise limitations of the influence of mind upon body. M. Solomon 216
Boissonnas, L.: Progressive lipodystrophy 197
Bond, E. D.: The use of the thermometer in mental diseases 470
Book Reviews:
Diagnose der simulation nervoeser Symptome auf Grund einer differentialdiagnostisch en Bearbeitung der einzelnen Phaenomene. S. Erben. 488
Functional nerve disease. H. C. Miller 230
A general introduction to psychoanalysis. S. Freud 357
Infectious diseases. A practical textbook. C. B. Ker 359
The Oxford Medicine. Various authors. Edited by Henry A. Christian and Sir James Mackenzie 355
Plastic surgery of the face based on selected cases of war injuries of the face, including burns. H. D. Gillies 486
The psychology of functional neurosis. H. L. Hollingworth 228
Sleep walking and moon walking. A medico-literary study. J. Sadger 487

PAGE

The sympathetic nervous system in disease. W. L. Brown..... 358
Le sympathique et les systèmes associés: anatomie clinique, semiologie et pathologie génerale du system neuroglandulaire de la vie organique. A. G. Guillaume 111
A textbook of pharmacology and medical treatment for nurses. J. M. Fortescue-Brickdale 489
Das Wesen der psychiatrischen Erkenntnis. A. Kronfeld..... 111
Brachial paralysis from thrombosis of the subclavian vein. G. Wilson.... 109
plexus, superior type. Dissociative amyotrophic paralysis of the brachial plexus, superior type, following antitetanic serotherapy. J. Lhermitte 328
Brain abscess caused by a pocket knife injury of the skull. H. F. Dunlap... 105
and cord tumors, successfully removed. C. H. Frazier..... 772
Blood and spinal fluid in syphilitic disease of the brain and spinal cord. H. Krueger 186
Choroid plexus in organic diseases of the brain and in schizophrenia. S. Kitabayashi 724
The Dandy method of localizing brain tumors by the roentgen-ray. K. A. Menninger *438
Dissections of the internal capsule, the corona radiation and the thalamic radiation to the temporary lobe. S. W. Ranson.....*361
Investigations on the capacity, for psychic functioning of those having head and brain injuries by Kraepelin's method of continuous additions. G. Vos 196
of animals, effects of radium emanation on. H. J. Bagg..... 338
Positive Wassermann reaction in nonsyphilitic diseases of the brain. F. Stern 198
swelling. M. Reichardt 329
tumor, acromegalia associated with. W. A. Bryan and S. Uyematsu..... *20
tumor and trauma. Hubschmann 606
tumor: clinical and pathologic notes. E. D. Friedman..... 627
Tumor of the left basal ganglions and cerebral peduncle. R. C. Hamill.. 763
Tumor of the middle fossa. I. S. Wechsler..... 774
tumors, gangliocellular, a contribution to further the knowledge of. R. H. Jaffe 600
tumor, visual field findings in a case of. W. R. Parker..... 85
Two cases of tumor of left supramarginal gyrus with apraxia. F. Bremer 743
Brannan, J. W.: Effects of prohibition at Bellevue Hospital..... 628
Remarks on the diminished therapeutic use of alcoholic stimulants at Bellevue Hospital, beginning before prohibition..... 629
Bremer, F.: Experimental diabetes insipidus..... 743
Global aphasia and bilateral apraxia due to an endothelioma compressing the gyrus supramarginalis *675
Two cases of tumor of left supramarginal gyrus with apraxia..... 743
Briand, M.: Three cases of muscular atrophy and general paralysis..... 336
Brock, S.: A study of motor aphasia of the cortical or mixed type..... 207
Brodniewicz, K.: Psychic disorders in tabes..... 194
Brown, E. V. L.: Elschnig's types of physiologic disks..... 761
The pupil in health 612

PAGE

Brown-Séquard syndrome, benign form of. S. Goldflam..... 446
Brun, R.: Contributions to the clinical study and pathogenesis of lumbago.. 595
Bryan, J. H.: Report of a case of extradural and subdural abscess following suppurating sinusitis and osteomyelitis of the frontal bone..... 315
Bryan, W. A.: A case of acromegalia associated with brain tumor..... *20
Burns, M. A.: A case of bilateral eight-nerve palsy; syphilis..... 223
Burr, C. W.: A negro with Huntington's chorea..... 767
Hemorrhage into the spinal cord at birth..... 89
Two cases of multiple sclerosis..... 767
Burrows, M. T.: Neuritis of the cranial nerves in lethargic encephalitis and the differential anatomic diagnosis between it and acute poliomyelitis.. 468
Byfield, A. H.: A polyneuritic syndrome resembling pellagra-acrodynia (?) seen in very young children..... 184
Byrne, J.: Pupil dilatation and the sensory pathways..... 205

Cadwalader, W. B.: Report of a case of agenesis of cranial nerves..... 769
Carbon monoxid poisoning, histopathology of. R. M. Stewart..... 732
DeCastro, A.: Evolution and clinical aspects of facial diplegia..... 468
Catalepsy. Clinical and anatomic study of a vascular lesion of both cerebellar hemispheres; with especial reference to cerebellar catalepsy and nystagmus, and the anatomic connections of the inferior olive. W. F. Schaller *1
Cavernous sinus. Twelve cases of thrombosis of the cavernous sinus. J. J. Chisholm and S. S. Watkins..... 319
Cerebellum. Clinical and anatomic study of a vascular lesion of both cerebellar hemispheres; with especial reference to cerebellar catalepsy and nystagmus, and the anatomic connections of the inferior olive. W. F. Schaller *1
Cerebrospinal fluid, composition and properties of, in lethargic encephalitis. W. Mestrezat and B. Rodriguez 610
Histopathologic findings in a case of superior and inferior poliencephalitis, with remarks on the cerebrospinal fluid. G. B. Hassin.....*552
Resorption of the cerebrospinal fluid by the choroid plexuses under the influence of intravenous injection of hypertonic salt solutions. F. Foley 744
Cerebrum. A double lesion accounting for an unusual neurologic syndrome. Polyneuritis association with a gliomatous cyst of the cerebrum. Roentgen-ray localization of the cyst by injection of air. G. Horrax.. 747
influence of, on growth. A. Myerson..... 94
Cervical ganglion. Action of hormones and alkaloids on irides of dogs after extirpation of the superior cervical ganglion. A. Mazzei..... 335
Angina pectoris cured by resection of the cervical sympathetic ganglion. T. Jennesco 91
Chance: Neuropathic keratitis setting in long after alcoholic injections into the gasserian ganglion for relief of trigeminal neuralgia..... 469
Charpentier, R.: Contribution to the study of toxico-infectious delirium; hallucinatory oneirism; its relationship to mental confusion..... 333
Chiasma. Surgical experiences with an intracranial approach to chiasmal lesions. G. J. Heuer 328
Chisholm, J. J.: Twelve cases of thrombosis of the cavernous sinus..... 319
Choked disk and accessory sinus disease. H. Cushing..... 93
Cholesteatoma of unusual size removed at operation. Cushing 743

PAGE

Chorea. Negro with Huntington's chorea. C. W. Burr..... 767
Tonsillectomy on the recurrence of acute rheumatic fever and chorea: a study of ninety-four children. W. St. Lawrence..... 467
Choreic ataxic movements, two brothers with. J. H. Lloyd..... 100
Choroid plexus in organic diseases of the brain and in schizophrenia. S. Kitabayashi 724
Heterotopia of the choroid plexuses. S. Kitabayashi..... 89
in organic diseases of the brain and in schizophrenia. S. Kitabayashi.... 591
Christin, E.: Concerning central neurofibromatosis..... 460
Diffuse tumors of the ventricular walls—embryonic neuroblastomas. A clinical and histologic study 449
Chvostek sign. The clinical significance of the facial reflex (Chvostek sign) in infancy and in childhood. K. Blühdorn 457
Clark, L. P.: Remarks on consciousness in the epileptic fits..... 479
Climenko, H.: Symptomatology of spinal cord tumors..... 465
Clymer, G.: Experience with spinal cord tumors during the past ten years.. 213
Colloidal gold test, Lange's, interpretation of the "paretic curve" in. L. J. Thompson *131
Common infections of the kidneys with the colon bacillus and allied bacteria, based on a course of lectures delivered at the London Hospital. F. Kidd 490
Conjunctivitis. Transient herpetic rash over the area of the distribution of the ophthalmic branch of the fifth nerve, following application of bluestone in case of Parinaud's conjunctivitis. M. L. Foster..... 470
Convulsions. Cerebellar fits. R. G. MacRobert and L. Feinier.....*296
Cord and brain, a series of tumors of, successfully removed. C. H. Frazier 772
Cornil, L.: Experimental studies of concussion of the spinal cord..... 738
Courjon, R.: Hypertrophic neuritis in the adult..... 195
Courtney, J. W.: A case of Henschen's nodes..... 757
Cranial nerves, neuritis of, lethargic encephalitis and the differential anatomic diagnosis between it and acute poliomyelitis. M. T. Burrow.... 468
Cranium. Clinical classification of intracranial tumors. P. Bailey.....*418
Cranial deformities from hemicerebellar aplasia. G. Mingazzini and F. Giannuli 458
Cushing: A case of motor aphasia in a left-handed individual 746
A cholesteatoma of unusual size removed at operation..... 743
Accessory sinus disease and choked disk..... 93
Cyst. A double lesion accounting for an unusual neurologic syndrome. Polyneuritis association with a gliomatous cyst of the cerebrum. Roentgen-ray localization of the cyst by injection of air. G. Horrax.. 747

Dagnini-Aschner phenomenon, the oculocardiac reflex—its use in medicine and psychology. S. Naccarati..... *40
Davis, L. E.: An anatomic study of the inferior longitudinal fasciculus....*370
Davis, T. K.: Psychiatric aspects of epidemic encephalitis.....*491
Dawson, A. B.: The intermuscular nerve cells of the earthworm..... 93
Deafness. Bilateral eighth nerve palsy; syphilis. M. A. Burns..... 223
Delehanty, E.: Epidemic encephalitis..... 483
Delhern, L.: Sacralization of the fifth lumbar vertebra..... 606
Delirium, acute idiopathic, contribution to the study of the pathologic anatomy of. L. Redalié..... 602
toxico-infections, contribution to the study of hallucinatory oneirism; its relationship to mental confusion. R. Charpentier..... 333

PAGE

Dementia praecox and manic-depressive insanity, blood sugar studies in. T. Raphael and J. P. Parsons *699
paranoid, intellectual status of patients with. E. Rawlings *283
Phenolsulphonephthalein absorption from the subarachnoid space in paresis and dementia praecox. P. G. Weston *58
Relation between reproductive organs and dementia praecox. T. Matsumoto 320
Denis, W.: A method for the quantitative determination of protein in cerebrospinal fluid 335
Desoutter, R.: Hypophysial polyuria 603
Diabetes. Experimental diabetes insipidus. P. Bailey and F. Bremer 643
Dide, M.: Hypertrophic neuritis in the adult 195
Didsbury, G.: Pathologic physiology and treatment of migraine 93
Diencephalon, contribution to the clinical pathology of. E. Leschke 311
Diphtheria. Postdiphtheritic ocular paralysis with report of three cases. M. Lombardo 201
Diplegia, facial evolution and clinical aspects of. A. De Castro 468
Disk, choked, and accessory sinus disease. H. Cushing 93
Elschnig's types of physiologic disks. E. V. L. Brown 761
Dream content, endocrine stimulation as affecting. C. S. Finley *177
Drug addiction. Patients with mental disease, mental defect, epilepsy, alcoholism and drug addiction in institutions in the United States. H. M. Pollock and E. M. Furbush 730
and alcohol, decline of, as causes of mental disease. H. M. Pollock 736
Dunlap, H. F.: A case of brain abscess caused by a pocket knife injury of the skull 105
Dunn, A. D.: Epidemic encephalitis: including a review of one hundred and fifteen American cases 86
Dysgenesia, familial pyramido-cerebellar. D. Paulian 329
Dyspituitarism with hypertension. E. D. Friedman 473
Dystocia, rupture of the spinal cord in. F. H. Kooy 83
Dystonia lenticularis in twins, simultaneous occurrence of. G. E. Price 768

Elsberg, C. A.: The false localizing signs of spinal cord tumor *64
Encephalitis, acute epidermic, experimental research in. P. Harvier 466
Case of myoclonic lethargic encephalitis with unusual pathologic manifestations. N. W. Winkelman and T. H. Weisenburg 224
epidemic. E. Delehanty 483
epidemic, degeneration granules in brain cells in. H. E. Meleney *146
epidemic: including a review of one hundred and fifteen American cases. A. D. Dunn and F. W. Heagey 86
epidemic, late results in. M. Grossman *580
epidemic (lethargic). W. Thalhimer *113
epidemic, patient with myoclonus following. S. F. Gilpin 222
epidemic, of the paralysis agitans type. F. H. Leavitt 99
epidemic, psychiatric aspects of. G. H. Kirby and T. K. Davis *491
epidemic, serology of the spinal fluid and blood in. W. M. Kraus and I. H. Pardee *722
epidemic, singultous form of epidemic encephalitis. J. Lhermitte 594
epidemic, spinal forms of. H. A. Riley *408
lethargic. Address of the incoming president. F. Kennedy 623
lethargic, composition and properties of the cerebrospinal fluid in. W. Mestrezat and B. Rodriguez 610
lethargic, in Spain. G. R. Lafora 608

Encephalitis—Continued. PAGE
lethargic, motor disturbances in. I. Abrahamson *33
lethargic, parkinsonism as a sequel to. R. Bing..... 734
lethargic, pathology of. F. Stern..... 187
lethargic, psychiatric features of. B. L. Jones and T. Raphael.....*150
lethargic, with severe recurrent narcolepsy. W. M. Kraus..... 337
lethargic, with unusual ocular symptoms and nearly bilateral immobility. B. Onuf 472
Neuritis of the cranial nerves in lethargic encephalitis and the differential anatomic diagnosis between it and acute poliomyelitis. M. T. Burrows 468
Pathologic-anatomic investigations in lethargic encephalitis, with special reference to its relation to influenzal encephalitis. R. Jaffé..... 316
Encephalomyelitis, report of two cases of, with predominating cord symptoms. P. Bassoe 215
Encephalomyelomeningitis typhosa, case of. H. A. Müller..... 604
Endocrine disturbances. The pigmentary growth and endocrine disturbances induced in the anuran tadpole by the early ablation of the pars buccalis of the hypophysis. P. E. Smith 463
stimulation as affecting dream content. C. S. Finley.....*177
Epilepsy and hysteria. L. Marchand 334
Ischemic necrosis of the heart muscle in an epileptic patient dying during an attack. Gruber and Lang 330
Luminal therapy in the control of epileptic seizures. I. J. Sands.....*305
Method of studying the nature of genuine epilepsy. Hauptmann 200
pathogenesis of, from the historical standpoint. M. Kasak.....*657
Patients with mental disease, mental defect, epilepsy, alcoholism and drug addiction in institutions in the United States. H. M. Pollock and E. M. Furbush 730
Urea content of the cerebrospinal fluid of epileptic and hysteric patients taken during convulsive seizures and at other times. G. Laurès and E. Gascard 609
Epileptic fits, consciousness in. L. P. Clark 479
Epileptics, blood pressure in. P. Hartenberg 469
Epileptiform convulsions, rôle of spinal cord in. M. Lapinsky..... 459
Ewing, J.: The structure of nerve tissue with reference to radium therapy.. 340
Examinations, psychiatric and neurologic, at a hospital center. H. Berger.. 331
Exophthalmos, pulsating, case of. Yoakam..... 754
Eye muscle. Paralysis of the eye muscle after alcoholic injections for trigeminal neuralgia. J. Fejer 471
Postdiphtheritic ocular paralysis with report of three cases. M. Lombardo 201
Some observations on the eye in diseases of the nervous system. C. A. McDonald 212

Face. Evolution and clinical aspects of facial diplegia. A. DeCastro..... 468
Recurring facial palsy. K. Boas 467
Farrar, C. B.: The revival of spiritism: psychologic factors.....*682
Fasciculus, an anatomic study of the inferior longitudinal. L. E. Davis....*370
Feeblemindedness, the causes of, in early life. Schott..... 199
Feinier, L.: Cerebellar fits *296
Fejer, J.: Paralysis of the eye muscle after alcoholic injections for trigeminal neuralgia 471
Finley, C. S.: Endocrine stimulation as affecting dream content.....*177
Fleischer, B.: Traumatic reflex immobility of the pupil..... 87
Foix, C.: Flexion paraplegia of cerebral origin as a result of progressive subependymal necrosis 741

PAGE

Foley, F.: Resorption of the cerebrospinal fluid by the choroid plexuses under the influence of intravenous injection of hypertonic salt solutions 744
Foreign body. Extraction of a bullet situated in the lateral cerebral ventricle. G. L. Regard..... 335
Form and functions of the central nervous system. F. Tilney and H. A. Riley 632
Foster, M. L.: Transient herpetic rash over the area of the distribution of the ophthalmic branch of the fifth nerve, following application of bluestone in a case of Parinaud's conjunctivitis..... 470
Frankel, F.: The psychopathic constitution in relation to war neuroses.... 82
Frazier, C. H.: A series of tumors of brain and cord successfully removed.. 772
Friedman, E. D.: A case of brain tumor—clinical and pathologic notes.... 627
Dyspituitarism with hypertension 473
Fuller, S. C.: Anatomic findings of general paresis and multiple sclerosis in the same case..... 757
Furbush, E. M.: Patients with mental disease, mental defect, epilepsy, alcoholism and drug addiction in institutions in the United States..... 730

Gait, spastic, treatment of, by permanent flexion of the toes. W. G. Spiller 771
Galant, S.: Neologisms of the mentally disordered 197
Ganter, R.: Left-handedness in epileptic, feebleminded and normal persons 334
Gerhart, D.: The behavior of the hamstrings in sciatic paralysis..... 466
Gascard, E.: Variations in the urea content of the cerebrospinal fluid of epileptic and hysteric patients taken during convulsive seizures and at other times 609
Gasserian ganglion. The growth of the neurons composing the gasserian ganglion of the albino rat, between birth and maturity. K. Nittono.. 92
Giannuli, F.: Cranial deformities from hemicerebellar aplasia..... 458
Gilpin, S. F.: A case of astasia abasia..... 224
A patient with myoclonus following epidemic encephalitis..... 222
Goldflam, S.: A benign form of the syndrome of Brown-Séquard..... 446
Goldman, A.: A study of forced respiration: experimental production of tetany 607
Goodman, H.: The effect of mercury salicylate on the Wassermann reaction: observation on the serology of eighty-seven previously untreated men 332
Gordon, A.: A case of scapulohumeral myopathy 350
A case of tabes with unusual symptoms..... 110
Grant, S. B.: A study of forced respiration: experimental production of tetany 607
Griffith, J. P. C.: Acute cerebrocerebellar ataxia (with report of cases).... 464
Grossman, M.: Late results in epidemic encephalitis *580
Growth, the influence of the cerebrum on. A. Myerson..... 94
Gruber: Ischemic necrosis of the heart muscle in an epileptic patient dying during an attack 330

Hallucinations. Certain elementary visual hallucinations in the presleep state. S. Lord 210
Hamill, R. C.: Tumor of the left basal ganglions and cerebral peduncle.... 763
Hamstrings, the behavior of, in sciatic paralysis. D. Gerhardt..... 466
Hartenberg, P.: Blood pressure in epileptics 469
Harvey, R. W.: A case of subacute myelinic degeneration 484
Harvier, P.: Experimental research in acute epidemic encephalitis..... 466

Hasley, C. K.: Involvement of the nervous system during the primary stage of syphilis 331
Hassin, G. B.: Histopathologic findings in a case of superior and inferior poliencephalitis, with remarks on the cerebrospinal fluid.....*552
Hauptmann: A method of studying the nature of genuine epilepsy..... 200
Head. Investigations on the capacity for psychic functioning of those having head and brain injuries by Kraepelin's method of continuous additions. G. Vos 196
Heagey, F. W.: Epidemic encephalitis: including a review of one hundred and fifteen American cases 86
Heart disease, acute psychoses arising during the course of. D. Riesman.... 599
Hemianopsia, report of ten cases of, due to occipital injuries. S. D. Ingham and H. W. Scarlett 352
Hemiplegia. Case of alternating hemiplegia (Millard-Gubler) with remarks on the paths of the pupillo-dilator and vestibulo-ocular fibers in the brain stem. A. Lutz *166
following childbirth and pelvic operations. A. M. Ornsteen..... 353
Hemorrhages, repeated multiple minute corticospinal, with miliary aneurysms in a case of arteriosclerosis. O. J. Raeder *270
Herpetic rash; transient, over the area of the distribution of the ophthalmic branch of the fifth nerve, following application of bluestone in a case of Parinaud's conjunctivitis. M. L. Foster..... 470
Heuer, G. J.: Surgical experiences with an intracranial approach to chiasmal lesions 328
Hiccough, epidemic, a singultous form of epidemic encephalitis. J. Lhermitte 594
Hoch, T. A.: Diagnostic difficulties in the early stages of mental disorders.. 348
Holmes, J. B.: Amyotonia congenita (Oppenheim). Report of a case, with full histopathologic examination 326
Hormones. Action of hormones and alkaloids on irides of dogs after extirpation of the superior cervical ganglion, A. Mazzei..... 335
Horrax, G.: A double lesion accounting for an unusual neurologic syndrome. Polyneuritis association with a gliomatous cyst of the cerebrum. Roentgen-ray localization of the cyst by injection of air..... 747
Hubschmann: Brain tumor and trauma..... 606
Huenekens, E. J.: Infantile spinal progressive muscular atrophy (Werdnig-Hoffmann). Report of a case with necropsy findings..... 324
Hygiene, mental, of the industrial worker. C. Scheffel 333
Hypertension, dyspituitarism with. E. D. Friedman..... 473
Hypophysis: See Pituitary.
Hysteria. Analysis of a conversion hysteria superimposed on an old diffuse central nervous system lesion. P. R. Lehrman..... 776
and epilepsy. L. Marchand 334
Tropical neurasthenia, tropical hysteria and some special tropical hysteria-like neuropsychoses. W. E. Musgrave *398
Urea content of the cerebrospinal fluid of epileptic and hysteric patients taken during convulsive seizures and at other times. G. Laurès and E. Gascard 609
Idiot, Mongolian: the sella turcica findings. W. Timme.....*568
Immigration from a mental-hygienic standpoint. A. J. Nute..... 96
Inferior olive. A clinical and anatomic study of a vascular lesion of both cerebellar hemispheres; with especial reference to cerebellar catalepsy and nystagmus, and the anatomic connections of the inferior olive. W. F. Schaller *1
